*Moving into residential aged care is a big decision, and understanding the associated costs is crucial. The Australian Government may provide you with financial support, but there are still some fees you may need to cover depending on your personal circumstances and the type of care you choose. Fees payable by a resident in an aged care facility are regulated by the Australian Government. We recommend you refer to the My Aged Care website for an explanation of all fees and charges. You are also encouraged to engage with Services Australia to complete your income and asset assessment, to determine how much you will need to contribute. Independent financial and legal advice is highly recommended to ensure you make the right choice.*
